

Task #	21-06	Date:	27 th May	Review Date:	Feb 22
	Meet:	Shooting Close Lane & end of Hollywell Jitty			
	Summary:	Clear leaf debris from the footpath along with overgrowth of ivy, bramble and other green matter.			
	Volunteers:	10			
	Time:	10:00	11:30		
	Weather:	Warm and dry			

A welcome change in the weather today with sunny skies and no rain! We were here in March 20 so it was great to be back to give it all a bit of a trim. 10 eager volunteers, so plenty for the task in hand.

Pat and Margaret went over to the Hollywell jitty to remove some of the ivy at the Breadcroft Lane end after a recent request to cut back some of the more vigorous growth and did a great job – almost filling their brown bin to the top.

The rest of us nibbled away at the ivy along the wall, swept up the leaf debris and cut back a few of the weeds that we going over.

Tee shirt weather finally

Phil clearing the jitty down to the High Street trimming it back, but leaving the wildflowers on the edges where possible

Andy at the other end near Beveridge Street getting those weeds pulled out

Almost finished for the day – jitty cleared top to bottom with just the sweeping up to do – looking so much better. With Mick, Liz and Andy B.

Next Task:
Thursday 10th June
Location: Bottom of Mill Lane

Thanks everyone – great work.
