

Task #	21-11	Date:	8 th July	Review Date:	Nov 21	
	Meet:	Hunting Lodge				
	Summary:	Grove Lane/Sibley Road jitty Sibley Road/Avon Road jitty				
	Volunteers:	9				
	Time:	10:00	12:00			
	Weather:	Warm				

Great turn out today for on a lovely sunny day. One of our regular jitties and more than often a requested task. This was last done in August 2020 so due a trim.

Starting at the Sibley Road end of the jitty and armed with 3 brown bins from Charnwood Borough Council, it didn't take long to trim the hedge along this busy and well used jitty.

Although we only cut 12-15 inches of summer growth away, it makes a huge difference on such a narrow path.

One bin filled in the first 20 mins – not bad going

Luckily today we had 2 tall volunteers, Phil and Steve. Steve in action getting to grips with the ivy at the corner of this jitty.

It's always good to have at least one tall volunteer for this task as there is always a canopy across this jitty that needs cutting out as it stops so much light getting in to dry the path.

Linda and Margaret enjoying the new light flooding in

We filled all 3 bins within an hour, just enough for the amount of green waste, we were cutting back.

Lots of nettles and bindweed at the top end near Grove Lane all cleared.

This is a well used path and we met lots of lovely people along here – thank you for your lovely comments and support.

We then moved onto the Sibley Road to Avon Road jitty. Another well used path and again lots of lovely people thanking us for doing what we do. It really does mean a lot that we are appreciated by so many people and that we are helping to keep these jitties clear for them to be used by all.

Next Task:

Thursday 15th July

Meet at Willow Road/Strancliffe Lane

Thanks everyone – great work.

On the left - Margaret, Steve, Mick, Karen
On the right – Linda, Liz, Phil, Soo
