

Task #	21-18	Date:	16 th Sept 21	Review Date:	Sept 22				
				Meet:	Cemetery				
				Summary:			Trim the hedges and clear the paths		
				Volunteers:	11				
				Time:	10:00	12:00			
				Weather:	Hot				

What a beautiful day to be outside with a great bunch of people doing something good for the place that you live. We had blue skies, warm winds and happy faces this morning, and they were still there when we finished 2 hours later – fantastic.

It's our second week at the cemetery and we started on the hedge on the right-hand side today.

As its mainly on the sunny side of the area – it was rather warm.

Lots of overgrowth to cut back and we were delighted to have brown bins for our use today – thank you Charnwood Borough Council.

We were also delighted to see Roy at the cemetery today. Roy is one of our village caretakers and does a fantastic job looking after our village. Its always good to catch up with him and have a quick natter.

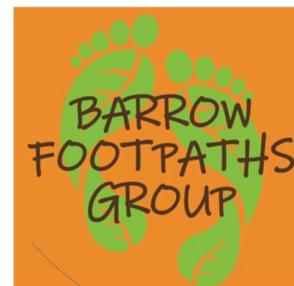

The team just kept on going today – it’s a long and very prickly hedge this side and lots of growth needed to be cut back to make it safe to walk up the path.

The arms were feeling it at the end of the day but the smiles stayed firmly in place.

Steve, Mick, Liz, Andy, Stewart, Pat, Margaret, Soo, Martin and Philip

Next Task:
Thursday 10.00 30th September
Location: Melton Road by
Poppyfields roundabout

Thanks everyone – great work.
