

Barrow Community Litter Pickers

Date:	Monday 5 th December 2022
Location:	Jitty next to HP School, bottom of Buttermere and Loweswater Close

3 volunteers out for an hour this morning. **10 bags of rubbish**, plus various loose items, mainly from the jitty alongside the school playing fields towards Flint Lane, but also from the green area opposite the entrance to Buttermere Way. We also made a start on clearing the green area at the top of Loweswater Close - running alongside the schools playing fields. These areas all seem to get lots of waste that either gets blown out from the school playing fields or just accumulates along the areas the students use to meet up.

Bags have been logged and reported to Charnwood Borough Council for collection within the next few days.

Thank you team

Anita and Ian with the collection of rubbish
