

Barrow Community Litter Pickers

Date:	7th April 25
Location:	Willow Road Park

We had 8 volunteers out for our monthly litter pick today - this time in the green spaces around Willow Park.

It was such a lovely day to be outside listening to the bird calls. Most of the litter was poo bags - empty as they had been there for a while, and shattered plastic tree guards. But we also had lots of general grot, a cushion, a metal pole, and a tiara!

There is still blown litter within the very dense areas of copped trees - but also lots of bramble and branches stopping us from getting to all of it unfortunately.

Thanks also to Charnwood BC and Serco who will be collecting the rubbish later today.

Thanks to the team today, Wendie, Steve, Keith, Andy, Jayne, (Alison & Ian not on the photo)

Next Event:

Date & Time: 12 May, 10am

Meeting Point: **TBC**
