

Barrow upon Soar Station Adoption Group

Sunday 24th September 2023

Another hard mornings work at Barrow railway station this morning. We moved 2.5 tonnes of topsoil into the new sleeper planters on platform one - just over 1/3 of the way so we are getting there. Next weekend, more of the same.

Thanks to the extra help from family members working at the top side loading the bags up - it was a great help. Thanks To David for the soil.

The team today, Dylan, Owen, Honor, Ian, Nick, Steve, Paul and Julie

Date of next task: Sunday 1st October 10:00
