

# Barrow upon Soar Station Adoption Group

Sunday 1<sup>st</sup> October 23

Week 3 of moving topsoil into the new planters on platform 1 of Barrow Railway Station, and the end is almost in sight. Thanks to Ian, Nick and Steve.

We were lucky enough to have help again from family, up top, shovelling the soil into bags, thanks to Kian who came along with David.

And our volunteers Linda and Anna made a great start on clearing leaf litter from the steps and all along the length of platform 1.

A fantastic effort from everyone - the station is looking very smart - thank you all

Date of next task: Sunday 8<sup>th</sup> October 10:00
